

Kingfisher

WATCH NOW

Memory Verse

If we hope for what we do not yet have, we wait for it patiently.

Romans 8:25

Key Phrase

Sometimes things take time, and so we need to be patient and wait for them to happen.

Reflective Question

What will you be patient about today?

More conversation Starters:

- What does the word "patience" mean to you?
- How do you feel around people who aren't patient?
- How do you think you can show patience to yourself when you are learning something new?
- Why do you think some people aren't patient?
- When have you shown patience?
- Who would you like to thank for showing you patience recently? How did they show patience?

Tip #4 for having great conversations with your child

Limit "big questions" to one or two a day. Make the time to talk with your child about their thoughts and ideas, and show them that you're interested in hearing what they have to say. Your child will relish your conversations together when they realise that you value their opinion — even when it's different from your own.
